BRAND SYSTEM

Make achievement mean more.

A clear, human identity for creating and awarding Open Badges 3.0 digital badges.

STRATEGY / VISUAL IDENTITY / CAMPAIGN

2026

Every badge should tell an earned story.

credforge gives organizations a purposeful way to recognize skills, progress, and achievement - and helps each award carry more meaning than a graphic alone.

01 **Earned**

Start with a real milestone.

02 **Explained**

Show what the badge represents.

03 **Carried**

Make recognition easier to share.

Recognition with substance.

For education, training, and professional programs that
want achievement to be understood beyond the moment it is earned.

POSITIONING STATEMENT

credforge is a platform for creating and awarding Open Badges 3.0 digital badges that make skills, milestones, and accomplishments easier to recognize.

One idea. Three ways in.

PRIMARY LINE

Make achievement mean more.

CREATE

Give the milestone a clear shape.

Design badges around the achievement they represent.

AWARD

Recognize what was earned.

Turn accomplishment into a meaningful award.

EXPLAIN

Let the story travel.

Use the Open Badges 3.0 standard to add context.

Sound like the work matters.

Clear enough to trust. Warm enough to feel human. Confident without hype.

CLEAR	'Award a badge for a demonstrated skill.' Avoid: 'Unlock credentialing synergies.'
HUMAN	'Celebrate the progress behind the badge.' Avoid: 'Optimize learner recognition outputs.'
PRECISE	'Create and award Open Badges 3.0 badges.' Avoid: 'Guaranteed to verify every skill.'

A signal built on trust.

Ink leads. Teal shows progress. Violet marks a moment worth noticing.

Forge ink
#111827

Slate
#374151

Signal teal
#379392

Spark violet
#CA3CFF

Canvas
#FAFAFA

USAGE RULE

Use ink or slate for body text on canvas. Violet and teal work as text on ink.
On canvas, reserve violet and teal for large display, icons, and shapes.

Direct. Open. Built to last.

Primary typeface: Segoe UI / Bold for headlines / Regular for body copy

Aa

Achievement takes shape.

A flexible system for clear headlines, concise explanations, and useful calls to action.

TYPE SCALE

Ag	Display / 40-64
Ag	Heading / 24-32
Ag	Body / 15-18
Ag	Label / 10-12

The forge, held in a badge.

The supplied mark is the anchor. Keep its proportions and original color relationship.

PRIMARY / LIGHT SURFACES

REVERSED / DARK SURFACES

Clear space: at least the width of the top bar's stroke. Minimum icon: 32 px.

A system with momentum.

Build layouts from three recurring parts of the mark: the shield, the forge arc, and the point. Use them with restraint so the credential stays central.

01 Angled lines

02 Forge arc

03 Shield point

credforge

Why badges Get started

Achievement deserves more than a moment.

Create and award Open Badges 3.0 digital badges
that make progress visible and recognition meaningful.

Create your first badge

For programs built on meaningful achievement.

Built to be seen. Built to mean.

Not every milestone looks the same.

Every one can mean more.

credforge

Give progress a mark of meaning.

Create and award Open Badges 3.0 digital badges with credforge.

credforge

Start with a useful promise.

READY-TO-USE INTRO

credforge helps organizations create and award Open Badges 3.0 digital badges so achievement can be recognized with clarity and purpose.

Brand guardrails

Lead with the achievement and the person who earned it. Keep language concrete.
Use the mark intact. Treat violet as an accent. Check every claim against the product.
